Safe-Environment Considerations for One-on-One Mentoring

- Review code of conduct for RC Activities and the Diocesan guidelines where you would like to mentor (some dioceses don't permit off-site or non-activity based one-on-one I.e. at a coffee shop)
- Discuss mentoring with the parents and get their signed permission
- Know the culture of where you are mentoring and where it would be acceptable to be seen one-on-one with a minor
- Consider your environment and the perception of what it could look like to people
