MAKING CHRIST'S KINGDOM PRESENT IN TODAY'S WORLD

*Dear Friends in Christ,*

With great joy and zeal for our mission, we present Regnum Christi's **2025–2030 Strategic Plan** for North America. This strategy builds on the foundation of the strategy we had for 2021-2024, and it is the fruit of deep discernment, prayer, and collaboration, reflecting our commitment to living out our charism in service to the Church and the world.

As members of the **Territorial Directive College**, we have sought to outline a clear path forward, following where the Lord is leading us. We believe that this path will strengthen our charismatic identity, grow our apostolic impact, and foster communion among all members of the Regnum Christi family. This plan is not just a roadmap; **it is an invitation to each of you to actively participate in building the Kingdom of Christ through your individual gifts and vocation—together—as a community of apostles.**

We encourage you to engage with this strategy, reflect on its goals, pray for Regnum Christi and its mission, and join us in bringing this vision to life. May the Lord guide our steps as we continue this journey together as apostles of his love and hope!

Yours in Christ,

**The North American Territorial Directive College of Regnum Christi**

# A Look Back at our Last Strategy 2021–2024

## OUR PURPOSE

We seek to give glory to God and make the Kingdom of Christ present in the hearts of all people and in society, by our sanctification in the state and condition of life to which God has called us, and by personal and communal apostolic action (SRCF 7).

## OUR BELIEFS

- We believe in the transforming power of our charism given to us by the Holy Spirit to build the Kingdom.
- We believe in the potential of each member to live that charism as an apostle.
- We believe that by collaborating we can make a bigger impact on the mission.

## OUR STRATEGY

To build and sustain localities as vibrant communities of apostles (SRCF 29, RL 9).

## OUR MISSION

To fulfill our mission, we seek to make present the mystery of Christ who goes out to people, reveals the love of his heart to them, gathers them together and forms them as apostles and Christian leaders, sends them out and accompanies them as they collaborate in the evangelization of people and of society (SRCF 8).

## OUR DESIRE

To ignite the heart of the apostle who sees the need of the world and the Church, discerns through the lens of our charism, and steps out boldly in mission.

## OUR PRIORITIES

1. Form the formators. (SRCF 30, 36)
2. Promote communion through healthy collaboration and communication, vertically and horizontally (SRCF 28–29).
3. Secure the present and prepare for the future: vocationally, in leadership succession, and financially (SRCF 39).
4. Give special attention to supporting the evangelization of men and young adults (SRCF 33–39).

# North American Vision for 2030

## Extending the evangelizing impact and reach of Regnum Christi

Regnum Christi members from all states of life are **catalysts of hope** going out to collaborate with the Church in the evangelization of all people and society in a growing number of cities across the territory (CGC 21a).

We have a shared vision of how each locality is contributing to the **evangelizing mission** in their cities, and we are dedicating our personnel accordingly. Regnum Christi formators (cf. RL 36) are effectively preparing the next generation of Regnum Christi formators and apostles.

We are leveraging our networks to achieve greater scope and depth in our evangelization efforts in response to the real needs of society and the Church, particularly in relation to **marriage and family**.

Regnum Christi spirituality and apostolic principles are clearly present in our institutions, and there are **healthy bridges of growth and collaboration** between sections, schools, and other institutions.

**Vocations to all states of life are steadily increasing**, we have doubled our lay membership in the territory, especially among our young adults and young family members, and we now have a solid administrative and financial base in place to continue extending the mission.
